# Report of the Chair

State Employees' Credit Union (SECU) is a member-owned cooperative grounded in the philosophy of People Helping People® and steadfast in its not-for-profit mission of service. One of the things I appreciate most is how SECU lives out its mission – not just talking the talk, but also walking the walk – working to make a positive difference for our more than 2.8 million members and the communities in which they live. SECU is about people. It's about strong and trusted relationships we've built with members since 1937 when the Credit Union was formed. At SECU, there is a difference. As your SECU Board Chair, I am pleased to share more about that difference and how it is reflected in the work accomplished over the past fiscal year.

With any member-owned cooperative, the value of listening to those you serve cannot be overstated. Hearing from you helps direct our work to best meet your financial needs through all phases of life. This feedback is important in guiding our direction with the products, services, and tools to help improve your financial lives. To help us communicate with you even better, we implemented more tools over the past year. We now have the ability to email with members who have an active email address on file, and we recently began the rollout of a new chat feature with our SECU Mobile App. We also implemented a new member survey tool, which allows us to gather continuous feedback from our various service channels. We are now able to gain more insight into member satisfaction, which I'm pleased to report remains very high at SECU. This same tool was used earlier this year to survey members on proposed changes

to our Board Election Policies and Procedures. More than 33,000 of you responded with overwhelming support of the changes, and we appreciate your engagement to help guide our decisioning on these important issues. For more in-person connection, we've been traveling around the state hosting roadshows and member listening sessions to share information and to hear from SECU volunteers and members about topics that are important to you. We look forward to continuing these in the future.

We're hearing you and responding with ways to keep more money in your pockets, where it belongs. Over the last year, our Board voted to eliminate numerous fees, including fees for stop payments, overdraft transfers, NSF representations, verifications of deposit, and returned items. We are pleased to share that SECU's fees remain among the lowest in the country when compared to our credit union peers. We've also been working to increase deposit rates so you can earn more on your savings. For the first time ever, we offered a special 9-month share term certificate (STC), and many of you are enjoying the benefits of this new product. When comparing SECU's deposit rates to other institutions, our STCs and Money Market Share Account offer top of market rates. Member deposits show that you are taking advantage of these great rates, and we are pleased to see this upward trend in deposits.

Much work has also been accomplished in the lending area, as we strive to offer the best possible loan rates to serve all members. The previous one-price-for-all strategy prohibited

Raleigh,  
North  
Carolina

us from doing that, which is why your Board approved a tier-based pricing model for auto and consumer loan products. While the Board chose to start with five tiers of rates based on credit scores, the Board consistently monitored the impacts of this model and over the past year we compressed those rates to an improved three-tier model. Not only are we able to offer excellent rates regardless of a member's credit score, but we are also continuing to serve members who have little to no lending options in the marketplace. This is a member-first approach, and we are excited to see members who were borrowing elsewhere come back to SECU for their lending needs. Our good news for lending didn't stop there. We also rolled out a discount loan program for qualifying current and retired State of North Carolina employees on closed-end consumer loans, adding even more value for our base membership.

Other areas of positive change included the refresh of our website, [www.ncsecu.org](http://www.ncsecu.org). You asked for improved navigation, a more streamlined and intuitive login process, better search functionality, and more tools, and your Credit Union delivered. You also requested card lock and unlock features, and I'm happy to report that this valued benefit is now available on SECU debit and credit cards. Finally, one of our most member-requested products is nearing the launch stage – the highly anticipated SECU rewards credit cards, which will allow card holders to earn cash back, or accumulate points rewards that can be redeemed for gift cards, merchandise, or travel. Look for those in early 2025.

As we work to expand and enhance our product and service offerings, our fiscal strength is also a top focus to ensure that our Credit Union remains safe, sound, and well-positioned to

serve you now and in the future. Our assets and earnings were strong as noted in our full financial report, and our operating expenses were well-managed, demonstrating good stewardship of your money. We were also thrilled to welcome thousands of new members to our Credit Union family, up nearly 70,000 from 2023. This growth has been consistent year over year.

That cooperative spirit also drives us to make a difference in our communities, as we unite for a common good to uplift our friends, neighbors, and fellow North Carolinians through community involvement and philanthropic efforts. SECU members, staff, and volunteers joined forces to collect school supplies for teachers and students, food to help fill our local pantries, and toys and gifts for North Carolina children and families to have a brighter holiday season. They also gave of their time to volunteer with local non-profits to make a positive impact for others. In just the first part of 2024, SECU team members logged more than 8,000 volunteer hours to give back to their communities.

Speaking of impact, I must take a moment to highlight our incredible member-funded SECU Foundation, which is the largest charitable organization in the credit union industry. Established in 2004, SECU Foundation is celebrating a major milestone – its 20th anniversary of transformative work in our great state. To date, the Foundation has committed over \$300 million in scholarships, grants, and loans for education, housing, healthcare, and human services initiatives to benefit the people and communities in all 100 North Carolina counties. Through your generosity, SECU Foundation is creating positive and lasting change, and I encourage you to visit [www.ncsecufoundation.org](http://www.ncsecufoundation.org) to learn even more about this important work.

I have been a proud member of SECU since 1996 and on the Board of Directors since 2016. I am truly honored to serve our cooperative and provide representation for my fellow members. In closing, I want to give a heartfelt thank you to our dedicated staff of over 8,000 who serve in SECU's 275 branches, the Member Services Support Center, and operations departments positioned all across North Carolina. I, along with my fellow Board members, also offer our sincere gratitude to the more than 3,000 SECU volunteers serving on committees and branch Advisory Boards. We appreciate all that you do to represent our members and SECU. And to our 2.8 million members, thank you for your membership and your support. You are at the heart of all that we do, and you are the difference for SECU!

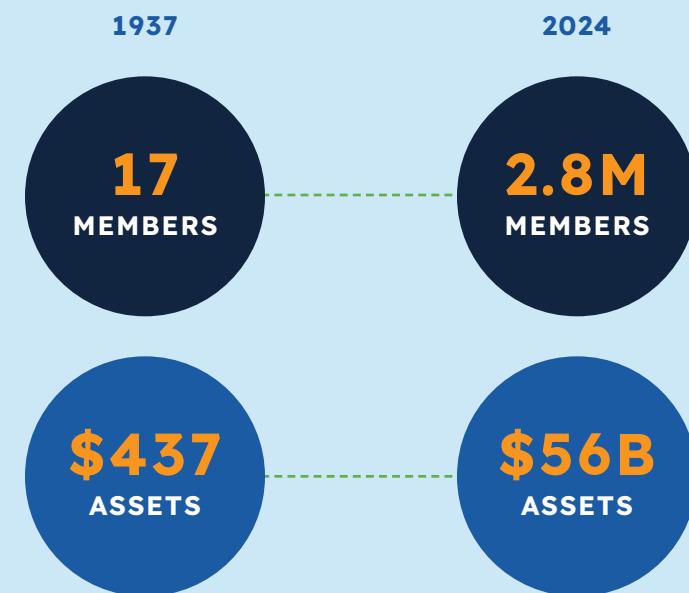

Sincerely,

**Mona Moon**  
Chair, SECU Board of Directors

# The Cooperative Difference

Born out of compassion for others and the desire for positive change, State Employees' Credit Union was formed by 17 individuals on June 4, 1937, in the basement of the Agriculture Building in Raleigh, North Carolina. After watching their co-workers, family, and friends being taken advantage of by dishonest lenders, our founders knew there was a better way – one that could make a real difference. In a bold move, they pooled their resources, a total of \$437, and created a trusted place where fellow state employees and their families could save and borrow money at fair and equitable rates for all.

Since the beginning, SECU has been grounded in the philosophy of People Helping People® with a mission of service — to be the trusted provider of financial services to every eligible member and to enhance the value of their lives and financial well-being while maintaining our fiscal strength. A lot has changed in the last 87 years, as much work has been done to enhance and expand SECU's products, services, and delivery channels to best meet members' constantly evolving needs. However, through it all, the philosophy, mission, and member-driven focus have remained steadfast, and the cooperative difference is highlighted throughout the pages of this 2024 Annual Report to the Membership.

# Listening To Members...

Roadshow  
in Lenoir,  
North  
Carolina

The trusted relationships built with members since 1937 are foundational to the success of SECU. As a member-owned cooperative, gathering feedback from members is central to helping guide the Board and SECU leadership to make decisions that best serve the needs of all members. To enhance member communications, SECU implemented even more feedback tools over the past year. The Credit Union now has the capability to email members who have an active email address on file, helping to provide more information through e-newsletters, important notices, and marketing messages highlighting new and improved offerings. Over 1.2 million members are currently receiving these emails, and the goal is to expand that distribution to even more of SECU's 2.8 million members.

SECU also began a graduated rollout of a new chat feature with the SECU Mobile App to complement its online and direct communications with members. Chat is currently available 8:30 a.m. to 5:30 p.m. Monday-Friday with plans to expand availability in the coming year.

A new member survey tool was also implemented that provides continuous feedback through SECU's various service channels. In addition to gaining greater insight into member satisfaction, this tool has been helpful with gathering input on specific topics such as the proposed changes to SECU's Board Election Policies and Procedures that were approved by the Board earlier this year. More than 33,000 members responded to the survey with overwhelming support of the changes, which helped guide the Board's decision.

With a desire for greater in-person communication, SECU's Board and leadership traveled around the state hosting roadshows and member listening sessions for SECU volunteers and members. The engagements provided an opportunity to share information and hear about topics that are top of mind for them. The conversations have been invaluable and plans for more of these events are already underway for next year. Just as it was in the beginning, cultivating trusted member relationships is vitally important to SECU.

# ...and Responding to Their Needs

Listening to what members want and need from their financial cooperative is key, but responding to meet those needs is the true difference maker. Members spoke and SECU responded this past year with better savings and lending rates, fewer fees, new and improved offerings, and greater convenience.

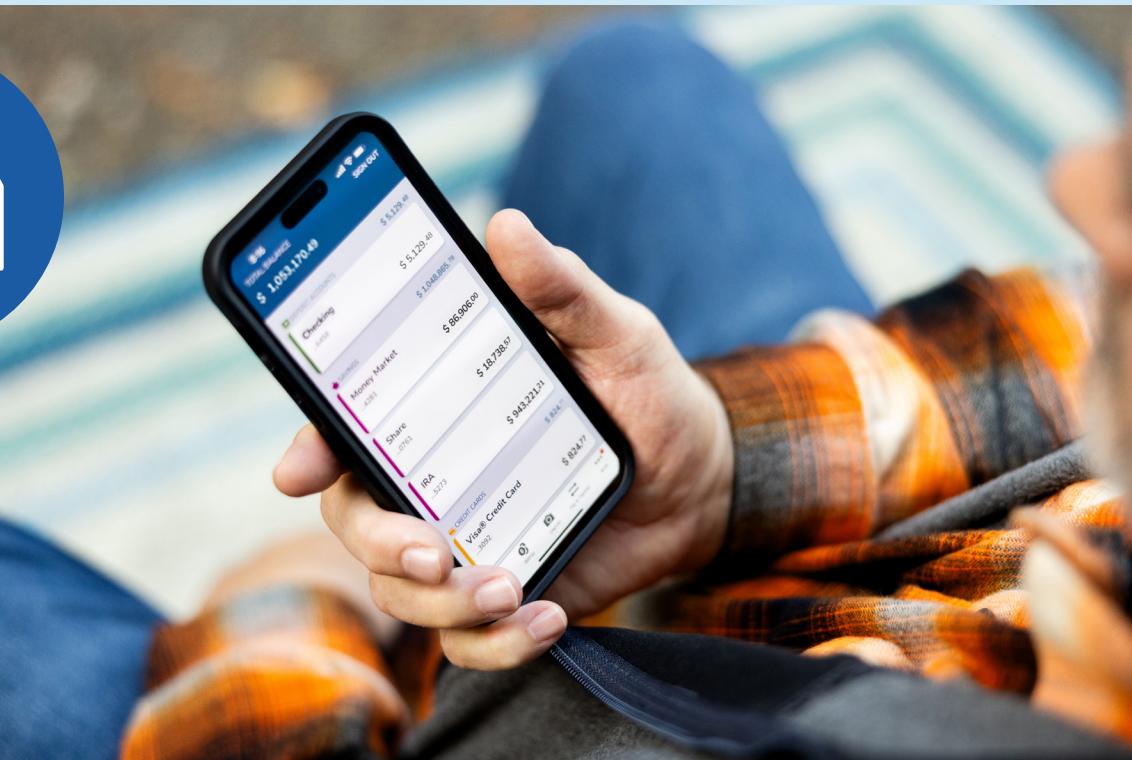

SECU's Board made great strides in increasing deposit rates to help members earn more on their savings. Just before fiscal year-end, a new 9-month Share Term Certificate (STC) was made available for a limited time, with many members taking advantage of this special offering and highly competitive rate. In comparison with other peer financial institutions, the Credit Union's STC and Money Market Share Account rates are at the top of the market.

Since the beginning, SECU has been grounded in the philosophy of **People Helping People®**.

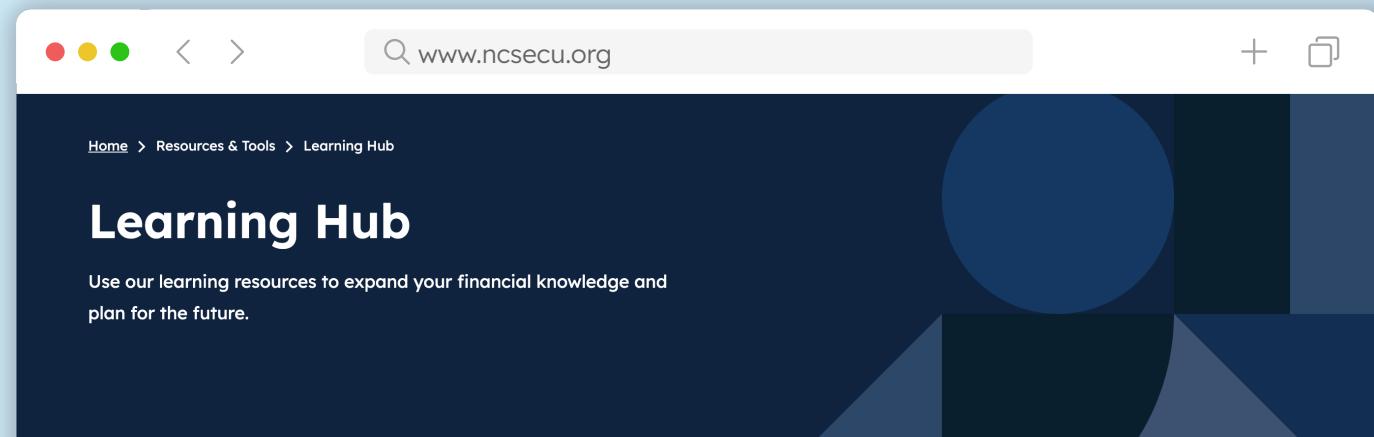

Members also requested more competitive lending rates and the Board answered the call with an improved lending strategy to offer members the best possible loan rates regardless of their credit score. Moving away from the one-price-for-all model for auto and consumer loans and transitioning to a five-tier model in the previous year produced positive results; however, after monitoring the impacts, the Board made further improvements by compressing the model to three tiers. They also rolled out a new discount loan program that offers a 0.50% discount\* for qualifying current and retired State of North Carolina employees on closed-end consumer loans.

\*To be eligible for this discount, members must be a current full-time or retired employee of the state of North Carolina (including public school employees) and members' state payroll or retirement benefits from a plan administered by the North Carolina Retirement Systems division of the Department of State Treasurer must be on direct deposit with SECU. Additional terms and conditions apply.

In the past year, more member value was also added in the form of fewer fees with the elimination of stop payment, overdraft transfer, NSF representment, verification of deposit, and returned item fees. Among credit union peers, SECU continues to rank as one of the lowest in the country for member fees.

In the spring of this year, SECU launched its new and improved website, [www.ncsecu.org](http://www.ncsecu.org), providing a more streamlined and intuitive login process, improved navigation and search functionality, additional online tools, and a new learning hub packed with financial education articles and information. Another member-requested feature that debuted this past year was card lock and unlock capability for SECU credit and debit cards using the SECU Mobile App. And following in early 2025 will be one of the most requested products – SECU rewards credit cards with options to earn cash back or accumulate points that can be redeemed for gift cards, merchandise, or travel.

# What the Numbers Say

Staying true to its purpose, SECU has always operated with a member-first approach. By listening and responding, the cooperative's membership has consistently grown year over year. SECU now serves more than 2.8 million members, an increase of nearly 70,000 from the previous fiscal year. While work continues to enhance and expand service offerings, as well as delivery and communications channels, fiscal strength also stays top of mind as outlined in SECU's longstanding mission statement.

## MISSION STATEMENT

To be the trusted provider of financial services to every eligible member and to enhance the value of their lives and financial well-being while maintaining our fiscal strength.

SECU remains a safe and sound not-for-profit cooperative, which is reflected in the audited fiscal year financials available at [www.ncsecu.org](http://www.ncsecu.org). Grounded solely in North Carolina, approximately one in four North Carolinians are members. The Credit Union has a branch presence in all 100 counties, with 275 offices from Murphy to Manteo, offering a local touch, which is complemented by SECU's website and mobile app, the 24/7 Member Services Support Center, ASK-SECU Voice Response System, and nearly 1,100 CashPoints® ATMs statewide.

## ATM NETWORK

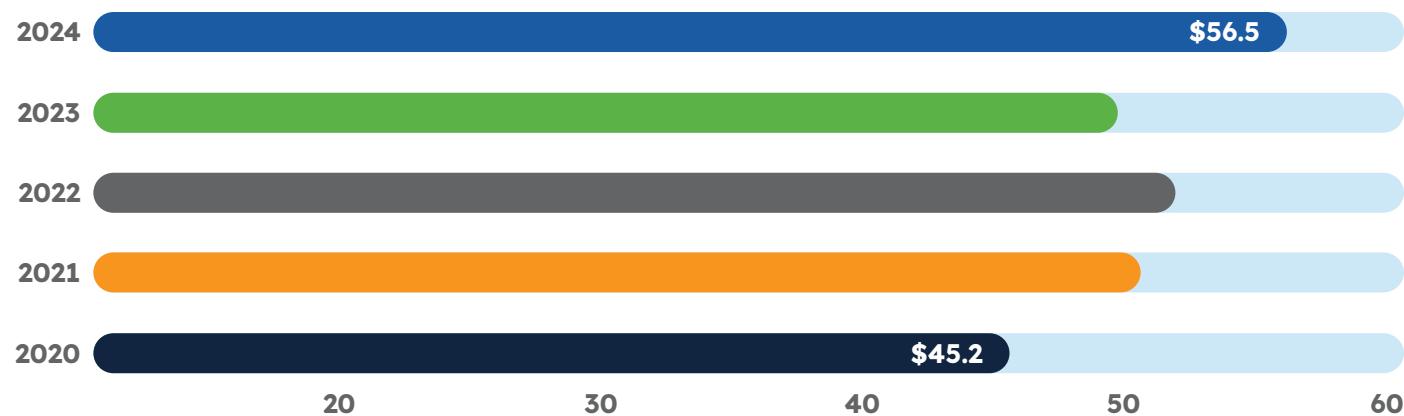

In the lending portfolio, substantial growth was experienced with Home Equity Lines of Credit (HELOC), as more members tapped into their home's value, allowing their funds to work harder for them to tackle repairs and renovations, consolidate debt, pay for education expenses, and more. HELOC balances grew \$672 million, an increase of 36%. Unsecured personal loans also climbed \$370 million, a growth of 18%. The improvements made in SECU's lending strategy are bringing more members back to SECU for their lending needs.

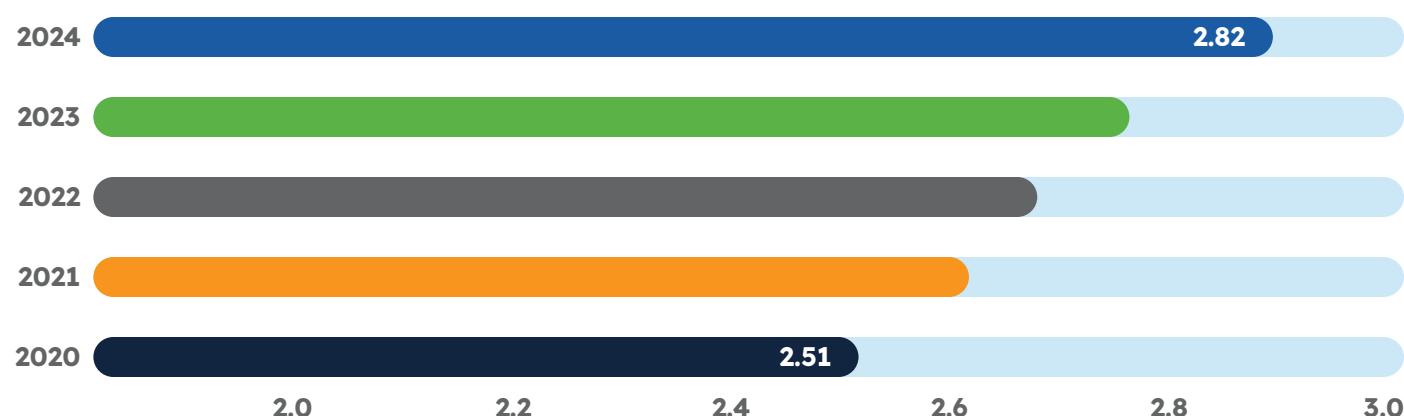

## THERE IS A DIFFERENCE

Assets remained strong at \$56 billion, while operating costs were well-managed with just a 2.7% growth, reflective of SECU's continued efforts to be good stewards of members' money. As greater benefits were passed to members through higher deposit rates, especially in Share Term Certificates and the Money Market Share Account, SECU saw a positive shift in member deposits with a growth of over \$1 billion from the previous year. Members also earned \$502 million more this year in the form of dividends through the increased deposit rates.

# Serving Members and the Community

Governor's School Supply Drive

SECU Toy Drive

SECU's work to make a positive difference doesn't stop with financial services – it extends through community outreach and volunteerism by SECU's staff of over 8,000 positioned in branches and operations centers all across North Carolina. Over the last year, SECU hosted its second annual statewide toy drive, served as collection sites for the Governor's School Supply Drive, collected canned goods and boxed items for local food pantries, held blood drives, and more to lend support for friends, neighbors, and North Carolina communities. Staff also provided helping hands and hearts by volunteering their time for local non-profits. In just the first few months of 2024, full-time SECU employees had logged over 8,000 volunteer hours! Their work personifies the cooperative spirit of People Helping People.

# A Foundational Milestone

Caring House, Durham, North Carolina

While philanthropic work has long been an extension of SECU's mission, the State Employees' Credit Union Board of Directors took a bold leap of faith in 2004 to expand the scope of what SECU could accomplish by establishing the SECU Foundation. Created to help identify and address large scale community issues in the areas of education, housing, healthcare, and human services, SECU Foundation now stands as the largest charitable organization in the credit union industry. The funding concept that was established twenty years ago continues to be one of the most unique – funded by SECU

members who have an active checking account and contribute through the reallocation of their \$1 monthly maintenance fee. The concept is referred to as The Power of a Dollar, and thanks to the generosity of SECU members, the work that has been accomplished by SECU Foundation is nothing less than remarkable. To date, SECU Foundation has committed over \$300 million in scholarships, grants, and loans to benefit North Carolinians in all 100 counties. Happy Anniversary to SECU Foundation and congratulations on 20 years of impactful funding for the people and communities of our great state!

HUMAN SERVICES

# Cooperative Representation

SECU has over 3,000 volunteers throughout North Carolina who provide guidance, representation, and advocacy for its membership. These individuals serve without compensation and share a heart for service that is grounded in the People Helping People philosophy. Whether its on the SECU Board of Directors, various Board Committees, or on local Advisory Boards for SECU's 275 branch offices, SECU volunteers play a critical role in the success of this member-owned organization. In the following pages, you will see the names of all those who have given their time for SECU over the past fiscal year. Their representation is deeply appreciated, and their value is beyond measure.

**SECU Board of Directors.** Left to right; Bob Brinson, Ben McLawhorn, Mona Moon (Chair), Mark Fleming, Jennifer Haygood (Secretary/Treasurer), Michael Clements, Barbara Perkins, Chris Ayers, Stelfanie Williams (Vice Chair), McKinley Wooten, Jr. and Chuck Stone.
